Sample pages from: The 10 Year Rosicrucian Simplified Scientific Ephemerides

Books in this series include 2000-2009, 2010-2019, 2020-2029.

Published by the Rosicrucian Fellowship, Oceanside, CA

Features: One month per double-page spread. Set for Noon, GMT. Note the planetary order, which so far as I know is unique to the American Rosicrucians. Eclipses shown at the top. This layout was copied from that developed by the French Aureas in the 1980's, it's long been my personal favorite. The complete aspectarian for each year is given in six pages, following the December ephemeris for each year (see below) Following that, for each year, a Table of Proportional Logarithms. For each year, there is a distinct title page, followed by an identical page on Time Changes. If the comb-binding was removed, the result would be ten individual year ephemerides, identical in every respect to the Rosicrucian annual ephemerides (well, except for the holes!).

APRIL 2004

O PARTIAL ECLIPSE, 29 Υ 49, MAGNITUDE 0.737, 19 APRIL, 1:35 PM FULL MOON, 5 APRIL, 11:04 AM, 16 \simeq 00 NEW MOON, 19 APRIL, 1:22 PM, 29 Υ 49
